

North Wales Together: Seamless Services for people with learning disabilities

Do you want to help us plan us develop an e-learning course about values and behaviours

We are going to be working on e-learning.

This is a training course than can be done on the computer.

We want more people to be aware of values and behaviours.

We would like to work together so we can all give ideas on what should be on the training.

This is called Coproduction – it is about people with different views and ideas coming together.

We can make sure that this e-learning is really good by listening to everyone's views.

Would you like to be involved in helping us plan this e-learning.

We will have to decide:

- What the words say?
- Will there be any videos?
- Will there be any talking?
- What do we need to cover?

If you want to help, you would have to attend a weekly meeting on zoom.

There may be an opportunity for you be in the e-learning either by video or by using your voice.

To be involved in this group email Sian

Sian.croston@flintshire.gov.uk

You can ask someone to help you send an email.
